Re: Mystic Street at Mill Brook - Sewer Siphon Replacement Project

The Town of Arlington will be repairing the sanitary sewer infrastructure near Mill Brook prior to the Mystic Street bridge replacement work later this year. The Town's Contractor, C. Naughton Corp., will be excavating to relocate sewer manholes and replace sewer pipe as part of the Project.

Crews will be working between May 13, 2019 and July 27, 2019. The work will be performed Monday through Friday (and some Saturdays), between 7:00 a.m. and 5:00 p.m. Further notifications may be provided as the work advances.

The project will take place on Mystic Street, between Summer Street and Russell Street. Traffic in both direction will be maintained whenever possible, but a change to the traffic pattern is expected. Additionally, all on-street parking in the work site will be prohibited during the duration of the project.

For further information, contact Weston & Sampson Engineers; Jamie Craig at 978-265-5037 or Jeffrey Hutton at 978-618-8350.
